

Hospice Subject Matter Expert in Aid-in-Dying Care

Empower your Key Hospice Nurse, Social Worker, or Spiritual Care Provider to become your team leader in Aid-in-Dying Support.

Our program provides personalized, one-on-one advanced training for one select frontline hospice nurse, social worker, or spiritual care provider—equipping them to confidently be the go-to resource for your team in supporting patients exploring or completing aid-in-dying. Ideal for hospices in any state that allows legal aid-in-dying, it enables your non-prescribing staff to deliver expert, supportive care.

Program Focus

We spotlight best practices in aid-in-dying care coordination, delivering patient-centered support that's fully compliant with legal and ethical standards.

Key Benefits

- Builds expertise for seamless care, regardless of prescription sources or patient outcomes.
- Respects voluntary involvement and organizational boundaries.
- Raises the bar on coordinated care quality.
- Increases staff confidence and retention.
- Improves patient and family satisfaction.
- Attracts referrals from providers seeking reliable, high-quality care for aid-in-dying patients.

Streamlined Training Process

1. **Tailoring:** We review your aid-in-dying policies to customize the program.
2. **Kickoff:** Initial one-on-one meeting to assess confidence levels, questions, and concerns.
3. **Core Learning:** Weekly check-ins as your staff completes our asynchronous LMS Overview in Aid-in-Dying Care (with CE credits).
4. **Case Review:** Final one-on-one to analyze real cases.
5. **Mentorship:** Hands-on guidance through a live aid-in-dying case.
6. **Certification:** Award Subject Matter Expert Certificate (valid 2 years); optional listing of the staff member and your agency on our website.
7. **Ongoing Support:** One year of team access for questions.

To sustain this high-impact program, we invite a tax-deductible donation covering 6-8 hours of expert consultation at \$100–\$200/hour (typically \$600–\$1,600 total). Your support fuels accessible training for hospices nationwide.
